

June 30, 1941.

Mr. Leonard C. Wright,
State Parole Officer,
426 Washington St.,
Newark, N. J.

Dear Sir:

I am hastening to answer your letter in regards of John Howard Davis, and enclose a schedule of the Newark Eagles Baseball Club for the second half of the season, as you requested.

You will note that every day is not listed, this is due to the fact that the League teams schedule games with each other three of four days a week, and the other days are filled in with Exhibition games supplied by the Booking Agent of the Organization. These games are always arranged in the locality where the team happens to be scheduled at that time. For instance, if we are playing home on a Sunday, we would probably play an Exhibition game in Red Bank, N. J. on Monday, and Belmar, Paterson or any other local town where it is convenient. The dates I am sending you are the only ones that are completed to date, all our Exhibition ball however is scheduled a week or more in advance. I will promise to send you the information just where and when each game is to be played as soon as it is arranged. I can promise to always have this information to you at the very latest a week in advance of the game, and maybe to send it sooner.

While the Ball Club is on the road either Mr. Manley or the Secretary of the Club will always be with it, in addition to the Manager of the Ball Team. It will be very simple to keep close observation of Davis's conduct and actions.

I hope this information is what you desire, if it is not clear, I will be glad to come in and see you.

Very truly yours,

EM:CCJ
